

CHARTERED PROFESSIONAL ACCOUNTANTS

TALBOT & ASSOCIATES OPENS TWO NEW MANITOBA OFFICES

September 27, 2016

(Winnipeg, MB) Talbot & Associates, Chartered Professional Accountants opened two new offices in Manitoba last week, the first being an acquisition of Hodgson MD & Associate in Birtle and the other as part of a professional business centre in Oak Bluff.

Founder and CEO, Jean-Guy Talbot, FCPA, FCGA stated, "We're thrilled to have the opportunity to serve companies and individuals with two new offices in the Province. In Birtle, the incredible team that was Hodgson MD & Associates will be added to our over 50 T&A employees – all of which will be serving Birtle and surrounding towns in both Manitoba and Saskatchewan. In Oak Bluff we've established an exciting partnership within the EYE for Business Center. Our accounting, agriculture and business services will blend well with the existing financial planning and law professionals who currently reside as part of the centre. It's truly an exciting time for T&A on many fronts."

Margaret Hodgson, former Birtle firm owner shared: "We are very excited to have joined the Talbot & Associates team, who have already made us feel like we've been part of this family for years. We know our clients are going to feel the same, as they receive even more enhanced assistance with Talbot's dedicated Ag, U.S. and business services. They truly are like their slogan promotes, "Big Firm Smarts, small firm hearts."

Joe Piasecki, Founder & CEO of the EYE for Business Center notes: "The EYE For Business Center was built to provide our joint corporate clients various professional services all under one roof. Talbot & Associates have a long history of providing their clients with outstanding results and exceptional customer service. I've been referring clients to their firm for a long time now, they were my first choice for the accounting part of the centre's roster and will be a tremendous asset to our venture."

The two new offices in Birtle and Oak Bluff bring Talbot's number of offices to seven across the Province and bring the number of employees to over 60.
